

"Peace and Safety" vs. "Conflict and Danger"

[Quote from Cassius](#)

It may be observed in passing that St. Paul quoted the words Peace and Safety as catchwords of the Epicureans, to whom he refused the honor of mention by name.⁶⁹

For the record: Footnote 69 is merely a citation to 1 Thessalonians 5:3. Nothing to support Dewitt's contention it was an Epicurean "catchword" is contained in that footnote.
