

# Music Theory And Epicurean Philosophy

**Post by "Elli" of May 30, 2019 at 11:51 AM**

"Meditate therefore by day and by night with the playing of a guitar and upon the violins and pianos that go with these, whether by yourself and in the company of another guitarist like yourself, and never will your soul be in turmoil either sleeping or waking but you will be living like a god among men, for in no wise does a man resemble a mortal creature who lives among the immortal guitars, violins and pianos blessings". - Pseudo-Epicurean.
