Music therapy, fragrance therapy, chromo therapy, logos therapy, choir therapy. All these are pseudosciences for our manipulation and making us anthropoids of the masses. Pseudosciences, indeed, are doing a great job for making us more idiots.

As far as music therapy goes, you are wrong. There is scientific research that shows there are valid applications of music therapy, with real, measurable results. For more information, see <https://www.musictherapy.org/about/quotes/>
