Fabián C. Barrio is a Spanish philosopher and content creator recognized for his engaging discussions on philosophy through his YouTube channel. He frequently explores classical philosophical themes, making them accessible to a broader audience. [YouTube+1](#)[YouTube+1](#)

Barrio has expressed a particular interest in Epicurean philosophy. In his video titled "Más Epicuro y menos Armani," he advocates for a lifestyle aligned with Epicurean principles, emphasizing the pursuit of simple pleasures and inner peace over materialistic endeavors. He suggests that embracing such values can lead to a more fulfilling life. [YouTube](#)

In another presentation, Barrio imagines a dialogue between Epicurus and Elon Musk, contrasting Epicurean ideals with contemporary ambitions. This creative approach highlights the relevance of ancient philosophical teachings in modern contexts.

Through his work, Barrio underscores the enduring significance of Epicurean thought, encouraging a reevaluation of modern values in light of ancient wisdom.
