

Cassius Longinus' Letters to and From Cicero

Post by "Don" of May 1, 2025 at 7:08 AM

[Quote from Cassius](#)

Yes it seems that the battle of Philippi could easily have gone the other way, and it's fascinating to think of what might have changed if a devoted Epicurean (as opposed to Caesar, who may have been Epicurean to some extent but didn't seem so philosophically inclined) had become one of the most powerful men in Rome for a much longer time.

Oh, there's alternative history fiction I'd read 😊
