

# Why pursue unnecessary desires?

Post by "Cassius" of May 2, 2025 at 8:24 PM

We talked about this part but not sure we ever quoted it:

Quote

[127] ....We must consider that of desires some are natural, others vain, and of the natural some are necessary and others merely natural; and of the necessary some are necessary for happiness, others for the repose of the body, and others for very life.
