

"All Models Are Wrong, But Some Are Useful"

Post by "Martin" of May 14, 2025 at 1:55 AM

Here is an article why the reliance on models/theories in science and the realism-anti-realism dispute in the philosophy of science should not turn us into Sceptics:

["When is a Fact a Fact?": A Conversation with Peter Vickers](#)

I found the link at Philosophy Matters on: [Facebook](#)
