

# Daily life of ancient Epicureans / 21st Century Epicureans

Post by "Robert" of May 23, 2025 at 12:05 AM

[Quote from Cassius](#)

[Exhibit A to my last post](#). If anyone wants to comment on it I'll crosspost this to physics, but the number of similar articles is innumerable and this is of note only because it's new. These guys have been organized for 2000+ years and the drumbeat *never* stops - so neither can our organizing an immunization.

Ugh, yes. Thing I wonder about is to what extent these folks know they're BS-ing.
