Good Day Everyone

This is my first post in this group and I'm looking forward to posting more as I get more knowledge and smarter in the process.

My name is Karim I'm 30 years old I'm from Morocco but now i live in Russia as i continue my studies in pharmacy in here. I became interested in the Epicurean philosophy about a year ago as i find it more suitable for a balanced and responsible life. I decided to join the group after listening to many episodes of the podcast Lucretius's Today. I found these discussions very interesting that i start to notice that i wait for each new episode with great passion. I would really love to learn more and hopefully make friends for life in here.

Kind Regards
