

## **Sunday June 22 - Topic: Prolepsis**

**Post by "Cassius" of June 20, 2025 at 9:12 PM**

It has been suggested that this week we do a general review of Prolepsis / Anticipations. This is a deep topic with lots of uncertainty but several of us have discussed this numbers of times and i think we can have an articulate discussion about the general outlines of the topic that would be of help to newer people. And so this will be our June 22nd topic for our Sunday Zoom discussion.
