

Epicurus And The Dylan Thomas Poem - "Do Not Go Gentle Into That Good Night"

Dylan Thomas is perhaps the most inspirational poet (though not the only one) for me - in terms of his creative and unique use of language (less in this villanelle, I think, than others - such as "Fern Hill" *). I discovered him by accident in me undergraduate years, pulling his *Collected Poems* off a shelf in the library stacks: I ended up cutting all my afternoon classes to read him. 😬

If I were marooned on a desert island, and could have only one book of poetry, this would be it. [Emily Dickinson's *Collected Poems* would be the other, if I could have two - which might point to a certain poetic schizophrenia! 😭😂]

With that said, I think neither this poem nor Dylan generally can be considered Epicurean.
