Comments please.

I've come across the following post questioning the attribution of VS 47 to Epicurus himself: VS 47" I have anticipated thee, Fortune, and entrenched myself against all thy secret attacks. And we will not give ourselves up as captives to thee or to any other circumstance; but when it is time for us to go, spitting contempt on life and on those who here vainly cling to it, we will leave life crying aloud in a glorious triumph-song that we have lived well."
