

Happy Birthday General Thread

Let no one put off the love and practice of wisdom when young, nor grow tired of it when old. For it is never too early or too late for the health of the soul. Someone who says that the time to love and practice wisdom has not yet come or has passed is like someone who says that the time for happiness has not yet come or has passed. Young or old, it is necessary to love and practice wisdom, so that in old age you can be youthful by taking joy in the good things you remember, and likewise in youth you can be mature by not fearing what will come.
