

Artisan Skill (Likely Similar to the Ancient Greek/Roman World)

Post by “kochiekoch” of August 6, 2025 at 5:54 PM

Wow! That guy has amazing skill. And he works fast! 😄

Seriously, it's interesting to see how the art of the Roman Empire declined in the later years of the west. The reason given, in this very good video, is economic decline and the loss of the old masters. Quite a difference between the 1st century and the 5th.

[Did art decline in the late Roman Empire?](#)
