

An Epicurean Podcast

Post by “Elayne” of July 5, 2019 at 5:28 PM

I like this idea, and especially focusing on applying the philosophy in everyday life! The most obvious times it comes into play are when we make decisions-- sometimes big life decisions, but also small ones. It seems to me that the small decisions often add up to the most effect in overall happiness. When someone wants to be happier, I think their daily schedule is the first place to start.
