

"Faith" And Confidence In Epicurean Philosophy

Thanks Eikadistes. That's exactly the threshold question I was concerned about but didn't know enough Greek to be confident about. I feel sure we've discussed this in the past but it's hard to keep it in mind over time.

So it IS proper to see Epicurus as talking about "faith," and coming from him, he definitely isn't embracing any kind of "belief without any evidence at all" definition of the term.
