[Quote from Cassius](#)

Is it not of first importance to understand what they mean separately before combining them with pleasure?

I don't think so. It's the phrase "+ pleasure" that's important.

But I've never liked the *static* or *rest* analogies. Off the top of my head, I'd be more readily drawn to a clear blue sky, free of clouds, and the night sky awash with various stars, planets, the moon. Still workshopping this. 😊
