

The "Suggested Further Reading" in "Living for Pleasure"

Post by "Matteng" of January 22, 2026 at 12:55 PM

Wow I have read almost the same books the last years ☐☐

And had similiar experiences.

Th Campridge Companion so good but yes some hard to read chapters which are lesser interesting for me.

„The Swerve“ I haven't read yet. It is a little bit older or ? Is its content still intetresting and has valid ideas/ views about Epicurean Philosophy ? Would you recommend it ? Maybe I would read it next.
