

What Would An Epicurean Use In Their Toolkit For Making Their Hedonic Calculus?

Post by “godek” of July 18, 2019 at 1:49 PM

Yes I agree sounds more epicurean. Plus stoicism contradicts

itself with fate so if you are fated to end up in a certain journey what is the point in being virtuous when one has no free will? which also goes against current scientific thought with quantum physics so basically therapists and psychology just cherry pick stoicism and the end result is really epicureanism most of the time. 😊
