Anyone know where to get Epicurean necklaces or rings?

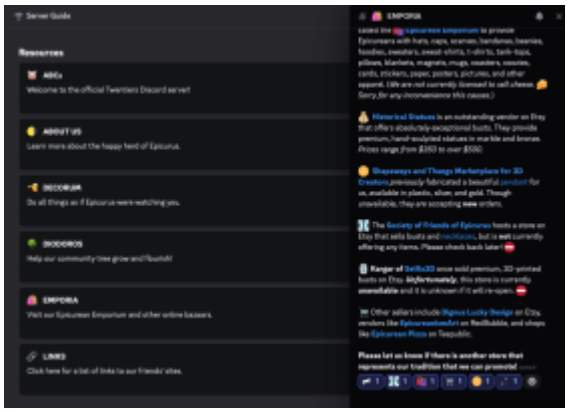
I am curious, too, if anyone has discovered any new seller! The only place I knew was **Shapeways and Thangs Marketplace for 3D Creators**. There was previously an order for a pendant with Epíkouros' face, available in plastic, silver, and gold, but they sold out. They *do* take custom orders.


I'm keeping a list on my server of Epicurean merchants, so I'd like to add if there are more.
