

Seikilos Poem - Discussion

Post by "TauPhi" of March 17, 2026 at 9:38 PM

This is cool. I didn't know about its existence. Thank you [Eikadistes](#) . It reminds me of something I wrote to myself some time ago. I rarely share my personal scribbles with anyone but I'll make an exception on this occasion:

Radiate, pulsate and be alive.

Face your fears and smile.

Embrace the passage of time.

It is worth your while.
