

Poem - Abonoteichus

Post by "Hiram" of July 29, 2019 at 10:18 AM

I don't know if you've seen this before, [Joshua](#) but I have a full series of essays on Horace (on whose shoulders you stand as an Epicurean poet)

<http://societyofepicurus.com/in-memory-of-horace-carpe-diem/>

His [Epistle to the Pisos](#) (the same family who hired Philodemus to teach them philosophy in Herculaneum) is also called "Art of Poetry" and contains Horace's advise to poets and writers.
