

Welcome Stas!

Post by “Stas” of May 3, 2026 at 10:09 AM

I have already read several books about Epicurus and his followers. Among them are books by Haris Dimitriadis and Hiram Crespo. I also read the primary sources: chapter 10 of the book by Diogenes Laertius and the Vatican Sayings (in Russian translation). Therefore, I believe that I know the basic principles of Epicurean philosophy.
