

# Klavan's "Gateway To Epicureanism" (Note: The Title Is Part Of A "Gateway" Series - The Author Himself Is Strongly Anti-Epicurean)

Post by "Eikadistes" of May 7, 2026 at 8:50 AM

I'll bet that reading assignments partially inform Barnes & Noble sales.

If you study philosophy, you'll probably be requested to purchase a copy of *Thus Spake Zarathustra* at some point in your education. Like we discussed in another thread, I never heard the name "Epicurus" mentioned **once** in my *entire*, formal education (part of which was Philosophy in college).

I think that applies to whatever Academia considers to be "the classics".
