If this keeps up we're going to have to appoint Tau Phi as Moderator-Pro-Tem of the SUAVITY forum!

To supplement my brilliant humor, I am hoping that some of our "idealists" like [Don](#) will weigh in on the objection Tau Phi is raising to what Titus has suggested. I personally don't consider that the two camps on this topic are really in conflict, as I think Epicurus thought "both" were correct. But very possibly someone coming more from the psychological perspective (ie Don or others) might have something more to say on how to separate the good uses of "aiming for the best" from the "bad uses" of idealism.
