

New Advancement on Reading Herculaneum Scrolls

Post by “Patrikios” of July 10, 2026 at 4:49 PM

Here's the news on the scrolls from the Smithsonian Institution.

[Scientists Have Deciphered the Surviving Fragments of a 2,000-Year-Old Philosophical Treatise Frozen in Time by Mount Vesuvius' Eruption](#)

The papyrus manuscript was part of a vast library preserved by volcanic ash. Now, the remaining passages—which examine ethics, knowledge and human nature—are...
