

My Epicurean plans for 2018

Post by "Cassius" of January 8, 2018 at 7:55 PM

That is where I think Meetup helps, Eignegrau. I think that pretty much any population center at all, if you put up an Epicurean Meetup group page you can count on 3 or 4 people to "like" it, and that probably is enough to a start. I am going to test all this myself too, so I will report my own experiences!
