

Living The Hobo Life?

Post by “brett” of January 8, 2018 at 11:15 PM

LOL! What's funny (not so funny really) is that if I were ignorant about its non sequiturs, I might have been turned off from Epicureanism. Much of the 'philosophy and...' series of books is vapid and pandering (and one of my very good friends from college is a regular writer in that series...sorry friend.)
