

Are You Epicurean Or Hieronymian?

Yes exactly Charles - great quote from Onfray. I think that hits the nail on the head to explain much of what we encounter.

As to Onfray generally, I have not read his material directly, but from what I've observed other people quote he's written a lot of good stuff. I gather that he also chose to differentiate himself from Epicurus and that he's not exactly an Epicurean in his philosophy, but that doesn't mean that a lot of what he said isn't exactly on point, like (for example) some of Nietzsche.
