

Where To Start?

Post by "Hiram" of January 10, 2018 at 2:22 PM

Added a link to book on Amazon, but we seriously need to make this available to non-bourgeois readers. If DeWitt died over 75 years ago, there's no reason why we shouldn't be able to publish a "Friends of Epicurus" or an Elementary version of his book, probably even with a contemporary re-introduction, commentary and/or study guide, just like we did with Frances Wright.
