

Technology Question - How Best To Create "Video" With Speech Matched To Scrolling Text

Post by "Kyle" of October 11, 2019 at 7:59 PM

You can move the text (x-position, 'center')

replace x-position with something like 10

(i think this will work, i'd test a short clip first).

I'm making the web app, it's gonna take a bit i have to learn how to do APIs
