

October 15 Birthday of Lucretius and Virgil?

Post by “Cassius” of October 15, 2019 at 9:32 AM

These two posts crossed my desk today, indicating that both Virgil and Lucretius were born on October 15th. The poster (Trimontium Trust) is a reputable British museum. Anyone know a source for documenting that this either Lucretius or Virgil's birthday? If so then October 15 deserves a special place on the Epicurean calendar.
