

Dead Reddit / The "Isms" Thread

Post by "Joshua" of November 24, 2019 at 8:19 PM

I am VERY sympathetic to the idea that our Greek friends should have 'naming rights'! It's just a difficult transition. Out of curiosity I thumbed through DeWitt while I wrote that post. He must use "Epicureanism" a hundred times in that book; since that's the academic text "of record" in our circle, the problem is unlikely to go away.
