

## **Brett's (belial1975) Epicurean Outline**

**Post by “Cassius” of January 17, 2018 at 2:34 PM**

I think we'll find that most peoples' outlines are not nearly as on-point as yours, so will require lots more comment. Working out a procedure for making suggestions is fun too. I would hope others as they come by this in the future will add lots more comments, and as you think of better ways to outline you'll post updates. Should be helpful to everyone.
