

Exchange On Knowledge From January 2020

Post by “Elayne” of January 1, 2020 at 7:17 PM

Oscar, I am confused. How do you propose we can have "knowledge" that isn't subjective? We know what is real through our subjective senses, feelings, and prolepses. Sometimes by comparing notes. No other way to know anything.

Although sense organs and instruments can malfunction, as in hallucinations, we use multiple senses and reconcile the information from all of them together-- plus we can talk to each other.
