

# Julien Offray de la Mettrie - Unorganized Thread for findings and quotations

Post by "Charles" of January 21, 2020 at 6:06 PM

I'll edit this thread later as I have a violin lesson very shortly from the time of this entry. But my library of Mettrie's works came in today after much delay. Much like my glossary thread, I will detail the smallest of details regarding Mettrie here as well as provide pdf's, citations, and quotes that are of importance.
