[Quote from Charles](#)

They are all soul, ignoring their bodies; let's be all body, ignoring our souls. They act like they don't care about pleasure and pain; we'll stride ourselves on feeling anything whatsoever

Wow there is a lot of good stuff already Charles. However i hope he did not go too far in the direction quoted here because "let's be all body, ignoring our souls" sounds to me to be further than Epicurus would have stated it. It will be very interesting to see how this develops.
