

# **Lucretius - Essential and most important texts**

**Post by “Hiram” of January 26, 2020 at 3:56 PM**

Hi.

I have been contacted re: an opportunity to add passages from Lucretius' De Rerum Natura to a collection of foundational Epicurean texts for an audiobook.

So my question is, what passages or portions do others consider ESSENTIAL MUST-READ portions of Lucretius for an introductory collection of Epicurean literature, that you think should be included in an anthology?
