

An Epicurean Instagram

Post by “Cassius” of February 14, 2020 at 2:37 PM

That would certainly be a great idea, A_Gardner. You certainly have permission to use any of the memes/graphics that are posted in the gallery here. That's what they are there for - to be circulated publicly.

Instagram is not something I use (don't even think I have an account) but if you do then it would be great if you could set up something.
