

Tranquility v Pleasure

Post by “Godfrey” of February 24, 2020 at 10:39 PM

Lately I've been thinking that "we have a pleasure attraction/ pain aversion guidance system" might be less confusing than "pleasure is the goal" in the culture we currently inhabit.

As you (and Epicurus) frequently emphasize, Cassius, the details must be seen in the context of the overall philosophy. Wording similar to what I'm suggesting might help to remind one of that context.
