

Pathe - Notes On Usage

Post by "Cassius" of June 8, 2015 at 11:35 AM

"Epicurus maintains that soul atoms are particularly fine and are distributed throughout the body (LH 64), and it is by means of them that we have sensations (aisthêseis) and the experience of pain and pleasure, which Epicurus calls pathê (a term used by Aristotle and others to signify emotions instead).
