

Threads of Epicureanism in Art and Literature

Post by “Charles” of March 18, 2020 at 4:30 PM

Marquis de Sade; "Aline and Valcour"; 1793.

Supposedly the island paradise of Tamoé is heavily inspired and based off of Lucretius. Worth noting its not overtly explicit like much of his work. 4th volume has yet to be translated as opposed to the first 3 volumess translated for the first time in 2019.
