

Threads of Epicureanism in Art and Literature

Post by "Cassius" of March 25, 2020 at 8:45 AM

I am pretty sure I at least glanced at "Upon the Gardens of Epicurus" and I remember not being particularly impressed. However that was in a phase when I was trying to identify and skim through material to organize for future readings, so I may have misread it -- would be happy to find that I did.

For some reason this calls to my mind how someone on facebook asked me if I had ever read "A Few Days In Athens." I thought at that point that I had identified most of the important material out there, so I was prepared to be disappointed once again, and then - pow - AFDIA turned out to be in my view phenomenally good.

I am sure there are many good works out there still to be identified.
