

# Cineas the Epicurean

**Post by “Maciej” of February 7, 2018 at 5:01 PM**

No in principle. We can imagine of course extreme circumstances that lead epicurean to war just like other extreme circumstances lead him to take his own life. But we do not praise the man who commits suicide even if he has good reasons for it therefore we will not praise man who goes to war even with good reasons.
