This is just a placeholder to note that Gassendi's Epicurus as it appeared in English in Thomas Stanley's encyclopedia is available on Archive.org as uploaded by me here: <https://archive.org/details/Stanle...ssendi/mode/2up>

This was discussed on the NewEpicurean blog here: <https://newepicurean.com/new-page-dedic...ne-of-epicurus/> with the transcription prepared by me and our friend Ilkka here: <https://newepicurean.com/epicurus/gassendis-epicurus/>
