

Dimitriadis (Haris) - "Epicurus And The Pleasant Life"

Also I should post this link to Haris' website: <https://epicurusphilosophy.com/>

Haris has put a tremendous amount of effort into his site and the book, and I really hope we can encourage him to do more with both. He has a very good background that lends credibility to his work, he is a Greek who writes in English, and he is friendly to the "DeWitt perspective." I think he has an account here but he has not posted much, which is fine because he's obviously involved in producing new comment. If we can encourage him by giving him good feedback I think that would be a great addition to "the cause."
