

Pío Baroja, Spanish Novelist and Epicurean

Post by "Cassius" of June 2, 2020 at 3:41 PM

THANKS DON! A quick scan is a little disappointing and sounds like a religious apology for Epicurus, but i will read the whole thing ASAP.

it's always good to find "encyclopedia" style articles on Epicurus that can serve as introductions, but most of them have unfortunate huge flaws on major issues, at least from my perspective.
