

Engraved / Laser-Cut Wall Artwork

Post by "Elli" of July 5, 2020 at 2:19 AM

Hello to all the friends,

[Godfrey](#) thanks a lot for your comments. These images has been made by a graphist in Slovakia through the software Adope Illustrator or CorelDdraw. Frankly I do not know how to use these software programs. Godfrey do you want to send you the files as AI & EPS to examine where it has the "floating" pieces as you mentioned them ?
