

Background and Analysis: "Roman Poets of the Republic" by William Sellar (1881)

Post by "Joshua" of July 8, 2020 at 1:17 PM

I find the sample rather charming myself, although I haven't compared it with another.

Just saw your comment about approaching the library, Joshua. This is where I dearly wish we had some friends in England. I do know of one possibility; I will email him.

If it comes to drafting a formal letter, multiple signatories with credentials might strengthen our request. I won't say it on the public forum without permission, but a certain someone has connections with the Library system in Ohio. We are, after all, a dedicated international group of sensible professionals.
