Thanks, as per a previous post I'm keen on pendants and rings with Epicurean imagery and found this. I didn't buy it but liked the design and so will consider about getting one made via Etsy when things return to a normal.

This pendent comes from <https://www.shapeways.com/product/R2YGLS...dant-1-5-inches>

You can see the reverse side via the link.

FYI, I have never bought or used this shop so can't recommend it.

Also, I have a Samsung venu smart watch and have customised the face with an Epicurean logo so that's a really great constant reminder moreso then my mobile device.
